**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

For the last 10+ Years we have used an independent wire service for internet and phone service because it is less expensive and more reliable than the National Corporate providers. In addition we live in a Sonoma County location where the steep topography presents technical problems for the larger Corporate providers.

Since we are retired on a fixed income, cost of these vital services is great interest to us and we urge the FCC to not make a ruling against direct fiber connection providers vs the huge corporate TV providers.
